ICICI Bank FASTag is a prepaid toll payment instrument, which is affixed on the windscreen of your vehicle to enable you to pay toll electronically on National Highways. Through the FASTag, the vehicle can drive through Toll Plaza smoothly without stopping and waiting in long queue for toll payment.

Currently the FASTag can be used for payment at over 356 toll plazas on National Highways. We are working on adding more plazas.

**Skip the queue and go cashless
at toll booths with ICICI Bank's FASTag!**

**FASTag is a simple to use, reloadable tag which
enables automatic deduction of toll charges.**

FASTag
Easy to Cruise

The advertisement features a blue car driving through a toll plaza. A toll booth structure is on the left with a sign that says 'FASTag Easy to Cruise'. A blue and orange striped barrier is raised. A blue car is approaching the barrier with a FASTag on its windshield. A radio tower with signal waves is on the left, and the car has signal waves emanating from its windshield. The background is a light blue sky with clouds.

There are several benefits like :

- You will get a cashback of 2.5% on payment of toll amount through FASTag in FY2019-20.
- Ease of payment - No need of carrying cash each time as you can recharge your FASTag from your home or office through the internet
- Further you will be provided with SMS based support on toll transactions, reminder to replenish account due to low balance, customer portal to view and download statements etc.
- You can pass through FASTag lanes the Toll Plaza quickly without waiting in the queue.

MONTHLY PASS SYSTEM

- We already have monthly passes mapped in our toll plazas.
- You will have to pay the amount that is configured in the system for monthly pass at a particular plaza.
- The cashback is on the transactions done and as they will pay the designated monthly pass amount in the beginning of the month, the cashback will be on that amount the coming month
